Michael E. Sharrow, Superintendent

August 19, 2013

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2012-2013 educational progress for the Midland Public Schools. The AER addresses the complex reporting information required by Federal and some requirements of State laws. Our staff is available to help you understand this information. Please contact Mr. Bob Cooper, Associate Superintendent Curriculum, Instruction and Assessment at cooperrg@mps.k12.mi.us or (989) 923-5078 for help if you need assistance.

The AER is available for you to review electronically by visiting the following web site www.mps.k12.mi.us/annual-report or you may review a copy in the principal's office at your child's school.

The report contains the following information:

Student Assessment Data – Elementary or middle school assessment results on the Michigan Educational Assessment Program (MEAP), high school assessment results on Michigan Merit Exam (MME), and assessment results for students with disabilities on Michigan's Alternative Assessment Program (MI-Access or MEAP-Access)

- Presents achievement data for all five tested subjects (mathematics, reading, science, social studies and writing) compared to targets for all students as well as subgroups of students.
- Helps parents understand achievement progress within schools and compare these to district and State achievement.

Accountability Scorecard – Detail Data and Status

Information is provided for the district and each school related to achievement targets in reading, writing, mathematics, science and social studies answering questions like:

- Did the district (and schools) meet achievement targets for all students and subgroups of students?
- Did the district (and schools) meet achievement growth targets for all students and subgroups of students?

Teacher Qualification Data

- Identifies teacher qualifications at district and school levels
- Reports percentage of core academic classes taught by teachers not considered highly qualified to teach such classes

NAEP Data (National Assessment of Educational Progress)

- Provides State results of the national assessment in mathematics and reading every other year in grades 4 and 8

Review the table below listing our schools. The state has identified some schools with the status of Reward, Focus or Priority. A Reward school is one that is outperforming other schools in achievement, growth, or is performing better than other schools with a similar student population. A Focus school is one that has a large achievement gap in 30% of its student achievement scores. A Priority school is one whose achievement and growth is in the lowest 5% of all schools in the state. Some schools are not identified with any of these labels. In these cases no status label is given.

School Name	Status Label	Key initiative to accelerate achievement
Adams Elementary		<p>Review all school improvement plans to determine which strategies need to be changed or modified to address the achievement.</p> <p>Review other data to see if there is any other diagnostic information which points to a need for change.</p>
Carpenter Elementary	Focus	
Chestnut Hill Elementary	Reward	
Eastlawn Elementary		
Plymouth Elementary		
Siebert Elementary		
Woodcrest Elementary		
Jefferson Middle School		
Northeast Middle School	Focus	
H. H. Dow High School	Focus	
Midland High School	Focus	

Midland Public Schools' students have had a long history of strong academic success. It is my pleasure to report that this historical trend continued during the 2012-13 school year. Our students are to be commended for the passion and excitement they bring to the classroom and congratulated for their high academic achievement. We all realize students don't achieve these great accomplishments without the large and varied team who work incredibly hard to bring about student success—parents, community and an extremely dedicated teaching, administrative and support staff.

Midland Public Schools continues to seek innovative ways to improve student achievement. In four elementary buildings for the 2013-14 school year, MPS will begin exploration and implementation of the International Baccalaureate Primary Years Program (IB-PYP) for our Kindergarten through Grade 5 students. The remaining three elementary buildings will begin their IB-PYP process in 2014-15. Our schools have developed comprehensive school improvement plans that address academic goals, strategies and interventions in order to meet all academic improvement areas. Parents are encouraged to volunteer in many different ways in our buildings, from reading with elementary children to helping with projects and monitoring in hallways in the secondary buildings. We look forward to an exciting future as we work together to provide our students with a dynamic world-class education as they seek to gain the skills and education necessary to be successful in the ever-changing 21st Century workplace.

Educationally yours,

A handwritten signature in cursive script that reads "Michael E. Sharrow".

Michael E. Sharrow
Superintendent
