4. BOARD OF EDUCATION MATTERS--PRESENTATIONS TO THE BOARD FOR ACTION
   Brandstadt/Kaminski moved for approval of the 2013-14 Audit Report:
4. 1. Mr. Dave Youngstrom, Principal, Yeo & Yeo, and Mr. Bob Cooper presented the Midland Public Schools’ 2013-14 Audit Report for Midland Public Schools.
   As of June 30, 2014, the unrestricted fund balance as a percent of expenditures was 9%. Currently, MPS has an equivalent 40 days of general fund balance based on 365-day calendar year of cash flow or, 19 days based on a 174-day school year of cash flow. For
a complete overview of the audit report, please visit the MPS website at www.midlandps.org.

The audit process looks at the financial statements to make sure that the District is following the accounting rules that have been developed by the Government Accounting Standards Board, and looks at internal controls so the District is protecting its cash management and makes sure the financial information presented is accurately reported, in compliance with federal and state laws and regulations.

Throughout the district Yeo & Yeo found a culture of excellence demonstrating both honesty and high ethics. In looking at MPS’ financial statement, this year Yeo & Yeo issued the highest level of audit assurance and an unmodified opinion. It means that the District’s financial information was accounted for properly. MPS, in fact, has followed the accounting requirements for Michigan School Districts. Motion carried unanimously.

On May 12, 2014, the Board established an estimated 2014-15 local tax rate of 5.6523 mills on homestead and qualifying agricultural property and 18.0 mills on non-homestead property. Following a long-established procedure, 50% of both the 5.6523 and 18.0 mill rates were levied by the City of Midland in the summer tax bill. An additional 6.0 mills were levied by the state on city and township property for the State Education Tax (SET).

When the Board approved the 2014-15 budget on June 23, 2014, the estimated millage rates were 18.0 mills for non-homestead property and 1.7698 mills for homestead and qualified agricultural property.

Based on the most recent information with respect to taxable values for 2013 and 2014 and the estimated blended student count for 2014-15, the estimated 2014 millage rates to support 2014-15 general fund expenditures are:

- 18.0 mills on non-homestead property
- 7.7400 mills on commercial personal property
- 1.7400 mills on principal residence, qualified agricultural, qualified forest, and industrial personal property. The 1.7400 mills were decreased by 0.0298 mill as an adjustment for 2013-14 principal residence, qualified agricultural, qualified forest, and industrial personal property taxes. The adjustment has been determined following a format provided by the Department of Treasury. The total represents a decrease of 0.0514 mill from the 2013-14 rate of 1.7914 mills.

The 2014-15 principal residence, qualified agricultural, qualified forest and industrial personal property millage rate is subject to adjustment as more accurate information regarding enrollment and taxable value become available. As specified in Public Act
312 of 1993, if revenues exceed or fall short, the difference shall be made up in the school district's next regular tax levy. The process of adjustments to correct overpayments and underpayments will continue to occur on an annual basis.

It was requested that the Board take action on the recommended millage rate at tonight's meeting.

The tax resolution for the 2014-15 tax collection is filed with these Minutes. Roll call vote was taken.
