Administration recommended issuing a purchase order to the low bidder, Quality Environmental Services, Inc. out of Gladwin, Michigan, for $636,148. This work is part of the Bond Projects utilizing Series 1 Bonds.

2.5. Approval of the payment of school system's bills for the months of July and August 2015, as listed in the check registers prepared by Ms. Laux, in the total amount of $10,988,889 was recommended. The distribution of obligations by fund, was included in the documentation. Motion carried unanimously.

3. BOARD OF EDUCATION MATTERS--PRESENTATIONS TO THE BOARD FOR ACTION

3.1. Mr. Dave Youngstrom, Principal, Yeo & Yeo, presented the Midland Public Schools' 2014-15 Audit Report Draft. [The reason for the “draft” status is due to requirements related to GASB 68 for which we are waiting for information from the State of MI retirement system (note: all school districts are waiting for this information and no school district audit reports state wide have been finalized).] Singer/Frazee moved for approval of the 2014-15 Audit Report:

   As of June 30, 2015, the unrestricted fund balance as a percent of expenditures was 10%. Currently, MPS has an equivalent 38 days of general fund balance based on 365 calendar year of cash flow or 18 days based on a 174-day school year of cash flow. For a complete overview of the audit report, please visit the MPS website (www.midlandps.org).

   The audit process looks at the financial statements to make sure that the District is following the accounting rules that have been developed by the Government Accounting Standards Board, and looks at internal controls so the District is protecting its cash management and makes sure the financial information presented is accurately reported, in compliance with federal and state laws and regulations.

   Throughout the district Yeo & Yeo found a culture of excellence demonstrating both honesty and high ethics. In looking at MPS’ financial statements, this year Yeo & Yeo issued the highest level of audit assurance and an unmodified opinion. It means that the district’s financial information was accounted for properly. MPS, in fact, has followed the accounting requirements for Michigan School Districts. Motion carried unanimously.

3.2. Singer/Baker moved for approval of the Certification of 2015-16 Fiscal Year Taxes

   On June 8, 2015, the Board established an estimated 2015-16 local tax rate of 5.6523 mills on homestead and qualifying agricultural property and 18.0 mills on non-homestead property. Following a long-established procedure, 50% of both the 5.6523 and 18.0 mill rates were levied by the City of Midland in the summer tax bill. An additional 6.0 mills were levied by the state on city and township property for the State Education Tax (SET).

   When the Board approved the 2015-16 budget on June 22, 2015, the estimated
millage rates were 18.0 mills for non-homestead property and 1.7767 mills for homestead and qualified agricultural property.

Based on the most recent information with respect to taxable values for 2014 and 2015 and the estimated blended student count for 2015-16, the estimated 2015 millage rates to support 2015-16 general fund expenditures are:
18.0 mills on non-homestead property
7.7766 mills on commercial personal property
1.7766 mills on principal residence, qualified agricultural, qualified forest, and industrial personal property.

The 1.7766 mills were increased by 0.0145 mills as an adjustment for 2014-15 principal residence, qualified agricultural, qualified forest, and industrial personal property taxes. The adjustment has been determined following a format provided by the Department of Treasury. The total represents an increase of 0.0366 mills from the 2014-15 rate of 1.7400 mills.

On February 24, 2015, the electors of the Midland Public Schools authorized the Board of Education to issue bonds and to assess the taxable property within the district for the purpose of collecting monies to pay the debt service on these bonds and to deposit such monies into the related bond debt retirement fund. Our financial advisor, PFM, has calculated 2.95 mills for the debt retirement millage requirement.

The 2015-16 principal residence, qualified agricultural, qualified forest, and industrial personal property millage rate is subject to adjustment as more accurate information regarding enrollment and taxable value become available. As specified in Public Act 312 of 1993, if revenues exceed or fall short, the difference shall be made up in the school district's next regular tax levy. The process of adjustments to correct overpayments and underpayments will continue to occur on an annual basis.

It is requested that the Board take action on the recommended millage rate at tonight's meeting. The tax resolution for the 2015-16 tax collection is filed with these Minutes. Roll call vote was taken.
Ayes: Brandstadt, Baker, Singer, Frazee, Gorton, McFarland
Absent: Wasserman
Nayes: None
Motion carried by those members present (6-0).

4. BOARD OF EDUCATION MATTERS--PRESENTATIONS TO THE BOARD FOR INFORMATION

4. 1.    matters.
10. 1. Board Members expressed their …
   • thanks to our very generous gift donors whose gifts were presented at this evening’s meeting.
   • excitement for the MHS KIVA Club for their presentation this evening. What amazing opportunities for our students to impact others locally as well as internationally. Thank you to Mr. Mulvaney for leading this impressive, globally-minded group of students.
   • excitement for the teachers from China visiting for a 2-week exchange. From September 20 through October 2, Midland Public Schools, in partnership with Saginaw Valley State University, hosted eight educators from Chongqing China. Five high school teachers and three elementary teachers visited classrooms, talked with teachers and administrators, and took in local cultural sites. Other members of the Chongqing delegation visited Bay City Public Schools, Bay Arenac Career Center and Frankenmuth Public Schools. This exchange was funded by the Gerstacker Family Foundation. It was fascinating to meet with these teachers and hear their questions translated through their interpreter. It is exciting to anticipate our teachers who will be traveling to China in a couple of months.
   • watchful anticipation for legislation relative to 3rd grade reading and the changes in store.
   • appreciation for this year’s DSA winners—Deborah Morgenstern, David Dziedzic and Cindy Young--and our September Shining Stars--Billie Dumont-Oliver and Jason Merry. Thank you for all you do.
   • thanks to Mr. Youngstrom for his presentation and making it easy for us and our audience to understand. It is wonderful to see our fund balance stabilize. Thank you to Mike and the entire MPS staff for making the tough choices and decisions that made the budget stabilization possible.
   • excitement for the great student attendance as the new school year got underway. Thank you to our parents for their support and help to get our students to school on time.
   • anticipation for the upcoming razing of the Parkdale, Mills, Cook buildings. Even though it may be tough to see, it will result in progress and will be exciting to see the STEM elementary school come to life in the future.
   • excitement that the new school year is off to a great start. It is fun and exciting to see the fall music and sports programs in full swing.

10. 2. Announcements from Superintendent Sharrow
   • MPS has asked area foundation partners for support for the district’s STEM strategic plan. We have already heard back favorably from the Gerstacker Family Foundation, and we anticipate receiving word from our other area foundation partners this fall.
   • We are happy to announce an exciting partnership with SVSU who has volunteered to be trained in Project Lead the Way (PLW). This is the curriculum MPS will use as we launch the STEM elementary initiative. SVSU will then provide our elementary staff with PLW training.
   • Demolition projects are moving forward. We met with city/utility engineers to look at beginning projects anticipated for November/December. Auditorium work will begin after the 2015 holiday performance season.
• We are looking forward to the first count day—November 7—of the school year. We are optimistic about our enrollment numbers. They appear to be above what we used for 2015-16 budgeting purposes.

• A team of administrators, an SVSU staff member and representatives from Barton Malow and French Associates will be touring Booker T. Washington STEM Academy in Champaign, Illinois on September 29. This facility has been designed and built from the ground up as a STEM elementary school. We are excited to spend time in this facility and visit with administration and teachers. Thank you to The Dow Chemical Company for providing the funding for this important site visit.

• The China teachers began their visit today with tours of our facilities and meetings with MPS staff members. Their two weeks with us will include visits in our buildings with MPS students and staff as well as journeys to many points of interest in our community, the Great Lakes Bay Region, and throughout the State of Michigan. We look forward to our teachers visiting China in a couple of months through this year’s exchange. Next year we anticipate possibly hosting some students from China as we take the exchange even a step further.

• Susan Johnson will be leaving MPS as her husband has accepted a new position in Washington State. We will miss Susan and wish her and her family well in their move across country. We are looking into short and long-term solutions for this administrative role at Siebert Elementary and will make the announcement very soon.

• We recently met with Dow Chemical Company representatives to explore the possibility of our use of Dow products in the STEM school and the bond construction projects. The benefits from this collaboration would be the use of products made locally as well as the potential for cost savings. The Dow representatives indicated that this is done often. They work on their supply costs to the vendors who will bid on our projects thus resulting in savings in the bids we receive. We will continue to explore the possibility of this exciting partnership. We will also seek a similar collaboration with the Dow Corning Corporation.

• We have been informed that on September 29 the United States Secretary of Education, Mr. Arne Duncan, will announce that Chestnut Hill will be named a National Blue Ribbon School for 2015. Congratulations Chestnut Hill!
